

Description

Reduces tool wear and improves machined finish. A ready to use cutting and tapping fluid specially formulated to improve tool performance and extend tool life. It contains additives to prevent pitting, galling and metal seizure and is suitable for use on aluminium and steel.

Benefits & Features

- For cutting, tapping, reaming and turning
- Extreme pressure additives
- High pressure, frothy discharge to aid penetration
- Prolongs tool life and improves machined finish
- Reduces heat build up
- Incorporates corrosion inhibitors

Directions for Use

Shake can well before use. Spray tool area to be treated. Repeat if necessary. **Do not spray onto very hot surfaces or near naked flames.**

Technical Data

Appearance:	Brown, frothy liquid-viscosity 300cPs
Odour:	Sweet solvent odour
Contents:	Blend of naphthenic lubricants, petroleum wax, bitumens, polyisobutylenes, minor quantities of xylene and white spirit, viscosity improvers, extreme pressure additives, corrosion inhibitors and hydrocarbon propellants. Non-chlorinated
Flash Point:	<0°C
Solubility:	Insoluble in water
Temperature Range:	For use at ambient temperatures
Relative Density:	0.840
Flammability:	Extremely Flammable
Health & Safety:	Consult Safety Data Sheet (available at tygrisindustrial.com)
Storage:	Below 50°C
Pack Size:	12 x 400ml aerosols

Note
